

September 30-October 3, 2012

NATIONAL OUTREACH SCHOLARSHIP CONFERENCE

CALL FOR PROPOSALS DEADLINE: MARCH 15

Our goal in 2012 is to add to the legacy of NOSE by emphasizing the contributions of students and community partners to engaged scholarship.

TRACK 1: Voice of the Community-Partner Scholar. Unleashes the power of collaboration between the community and higher education, bringing social, scientific and economic change in the real world; showcases key roles played by community partners, demonstrating that knowledge is not limited to the academy, not at all.

TRACK 2: Voice of the Student/Young Scholar. Research and creative projects that launch the vision; early and follow-up steps move project forward, revealing lessons learned, possibly bringing new media into the design.

TRACK 3: Voice of the Senior Engaged Scholar. Research and creative activity that moves beyond the sporadic and disconnected to programs of engaged scholarship. A special issue of the *Journal of Community Engagement and Scholarship* will be published from submissions.

**PARTNER.
CHANGE.
INSPIRE.**
